Who We Are

2014 represents ITI's Tenth Anniversary in the foodservice marketplace! Our roots go much deeper though, as our parent company, Marck & Associates, was founded in 1986. Together, as the Marck Group of Companies, we are leaders in the design, production, and marketing of tabletop products for the consumer and foodservice markets, and our products are distributed around the world.

ITI is very proud of what we have accomplished in our first ten years, and we are excited about where we are headed. One thing that won't change, however, is our commitment to our tenets of outstanding customer service, excellent value, a consistent, high quality product, and fresh ideas for the tabletop.

Outstanding Customer Focus – We pride ourselves on having the best customer service in the industry. Our 450,000 square foot warehouse in Toledo, Ohio, allows us to maintain a substantial inventory, with one of the highest fill rates in the industry. Our quick turnaround time gets the product in your hands as quickly as possible. We have grown by being a good partner, and if something isn't right, we'll work to make it right.

Quality and Consistency – *Our* product is manufactured in *our* factories. We have ownership in both our stoneware and porcelain factories in the Shandong Province of China, the premiere region for dinnerware manufacturing. This offers the advantage of consistent color and shape, providing our customers with a value-driven, high quality product. *We are the Factory.*
