# 42" Ride On Sweeper

## ALL THE EFFICIENCY OF A RIDE-ON SWEEPER AND MAXIMUM EASE OF USE

Thanks to its compact dimensions and zero emission electric motor, the BGROS42 is particularly indicated for cleaning medium sized, interior floor areas.

Perfect for sweeping hard floors and congested spaces, the BGROS42 carpet cleaning kit makes it possible to also clean carpeted areas.

Fine dust is filtered through a polyester filter, with 99.5% filtration efficiency (standard class L filter), or 99.9% filtration efficiency (optional class M filter) and a much longer life than traditional filters.

The filter can furthermore be quickly cleaned after every use via an efficient mechanical shaker.

The upper cover of the machine completely opens, permitting full access to the battery or other internal parts for maintenance.

The compact sweeper has a reduced turning radius (950 mm), which enables cleaning in tight spaces which are difficult to access.

Filtering even the finest dust is trapped in the polyester Multipocket Filter<sup>®</sup>, which can be cleaned in seconds thanks to an efficient mechanical shaker.

The MultiBristle<sup>®</sup> main brush, with rows of mixed diameter bristles, guarantee excellent performance and safeguard the brush and bearings from damage. An innovative attachment system permits rapid substitution of the brush without tools.

The side brushes are activated via ergonomic controls accessible from the operator's position. The shock resistant supports avoid damage which could be caused by accidental impact. The second, left side brush, is available as an optional.

## FEATURES For BGROS42

- Forward and reverse drive, infinitely variable and electronically controlled.
- Control panel includes ignition key and wet sweep filter bypass.
- Hourly performance 62,430 square feet.
- Super elastic, anti-marking wheels.
- Electronic service brake and mechanical hand brake.
- Lifting flap for bulky debris.
- Adjustable seat with weight sensor.
- Protective PVC bumpers.
- Steel dirt container mounted on wheels.
- Battery charge indicator.
- Horn.
- Flashing safety lights.
- Reverse beeper.
- AGM battery.
- 4 hour run time.

# Portable Two Brush Floor Machine

A small portable scrubbing machine that is perfect for cleaning Brick, Carpet, Ceramic, Concrete, Cork, Hard Wood, Laminate, Linoleum, Marble, Polished Tile, Rubber, Slate, Terrazzo, Vinyl. It can also scrub hard floors in small tight areas, and it buffs and cleans hardwood floors. The cost efficient way to clean large carpeted areas is to first remove the spots and stains with the BGFS5000 portable scrubber, and then go over the entire area with a box style carpet extractor, without having to worry about cleaning the heavily stained spots. The portable scrubber comes with a set of white carpet brushes to start with, and other accessories are sold separately. Comes with a 1 year warranty on parts and labor.

- Comes with a set of scrub brushes (45-0233-2), green scrubbing pads (45-0104-5), tan polishing pads (45-0105-2) and felt buffing pads (45-0103-7).
- So lightweight and compact that it can be left on site for small "touch ups" on carpets and hard floors.
- Uses the same scaled-down brushes and pads as large floor machines.
- Durable all metal housing, motor base, yoke, and handle.
- Cleans grout quickly and easily.

# HURRICONE

Cordless Floor Dryer

**DRIES  
WET  
FLOORS!**

Safety cones, floor signs, and barricades are widely used in all types of establishments to warn pedestrians of slipping and falling. Most establishments dutifully mop up wet floor areas even though mopping alone does not sufficiently dry an area where there is continual foot traffic bringing in rain or snow from the outdoors, or where a spill has occurred.

Marking the boundaries of the wet floor area with safety cones or other types of barricades serves to warn pedestrians, but does not aid in alleviating the hazard. For this reason the HURRICONE™ Cordless Floor Drying Cone Dolly was developed.

The HURRICONE™ aids in drying the floor with a continuous flow of air in 360 degrees and up to 15 feet in diameter. While drying the floor, the HURRICONE™ also warns pedestrians of a potential slip hazard using standard 36 inch floor cones.

- Dries floors 360 degrees around unit and up to 15 feet in diameter (177 sq. ft.)
- Cordless / Rechargeable - Runs up to 12 hours on a replaceable battery pack
- Decrease your floor drying time by up to 90%
- 1 Year Warranty

# CYCL MOP

*The First Commercial  
Grade Spin Mop!*

The First Commercial Grade Spin Mop! The CycloMop is a 360-degree rotating spin mop. The CycloMop will quickly and effectively clean up dirt, dust and spills from marble, tile, laminate, vinyl, wood floors and other hard surfaces. Floors can be clean and dry in half the time with the CycloMop. The microfiber head is ultra-absorbent and can be reused for multiple uses and is machine washable. The mop head is specially designed so it can be easily attached or removed without having to touch the dirty mop head. The bucket is designed with a fast-spinning stainless-steel wringer. This spinning action can be activated by the foot pedal or by just simply pumping the mop handle up and down. The CycloMop even has the ability to spin the mop in the water for more effective cleaning/rinsing of the mop head.
