We are proud to offer products "Made in the USA." These quality made products are featured throughout the catalog. Just look for this logo for products that are produced in the USA.

Guiding You to Green

Going Green is lucrative for any food service establishment. Restaurants branded as “green” attract community support and patronage from eco-minded diners. Utilizing green products can save business owners as much as 30% per year!

Energy Efficiency

Purchase heavily insulated refrigeration, dishwashing and cooking equipment. Turn off or turn down equipment whenever possible.

Water Efficiency

Perform routine inspections and repair leaky faucets to help prevent waste. Biodegradable dishwashing trays also aid in saving water.

Waste Reduction

Proper purchasing, handling, portioning and storage of food will greatly reduce the amount of food waste generated each year.

Reduce, Reuse, Recycle

Reduce by controlling the use of napkins, utensils or condiments. Reuse by purchasing washable containers, linens, dinnerware and glassware. Recycle glass and plastic to conserve natural resources and save energy.

Chemical & Pollution Reduction

Cut back on chemical use and pollution by simply educating employees. Proper cleaning techniques and safe cleaning products reduce water pollution. Purchase biodegradable and eco-friendly products.

Information and Assistance

The US EPA Energy Star® rating is available for commercial cooking equipment: refrigerators/freezers, fryers, hot food cabinets, steam cookers and ice machines. Energy Star® rated models save on energy cost compared to non-Energy Star® models.

The Food Service Technology Center (FSTC) is an independent testing facility that offers publications and tools to help identify energy savings opportunities.

This catalog is printed on FSC® certified paper. The paper flowed through the FSC® “chain-of-custody” from the forest, to a paper manufacturer, merchant, and finally printer who have FSC® chain-of-custody certification.

The information above is for use as an educational resource only. The organizations listed are not endorsing any products or organizations referenced in this catalog, unless otherwise indicated on product pages.

SUGGESTED OPENING ORDER CHECKLIST

Front Of The House ☑

China ☐

Cups, mugs, saucers, plates - dinner, salad, B&B, service, bowls, vegetable dishes, platters, sugar packet holders, baking dishes, soup cups, salt & pepper shakers, creamers

Table Top ☐

Salt/pepper & cheese shakers, sugar holders, candle lamps, candles, bud vases, roll baskets, oil & vinegar cruets, pepper mills, ashtrays, wine buckets, menu covers, card holders, table numbers

Table Covers ☐

Plastic, paper, linen, placemats, napkins

Tableware ☐

Knives, forks, teaspoons, bouillons, oval soupware, butter spreaders, steak knives, lobster crackers, S/S creamers

Glassware ☐

Water, juice, iced tea, wine, hi ball, rocks, parfait, champagne and plastic ashtrays

Beverage ☐

Insulated pots, tea pots, hot pots, iced tea dispensers, coffee & tea makers, decanters, ice bins, storage racks, pitchers

Buffet ☐

Platters, mirror trays, chafers, soup tureens, ice bowls, heated displays, ice displays, salad bowls, chafing fuel, dish dispensers, carving stations, heat lamps, skirting, punch bowls, serving utensils, butane stoves

Bar Service ☐

Bottle pourers, powdered sugar bowls, tongs, cutting boards, lemon knives, bar mixes, ice bins, corkscrews, stoppers, bar towels, bottle racks, waste baskets, glass racks, mixing glasses, serving trays, jiggers, strainers, drink mixers & blenders, ice crushers

Furniture ☐

Chairs, stools, tables, booths, high chairs, coat racks, service stands, bar rails, ropes, stands, menu boards, high chairs and boosters, dance floors, banquet tables, carts, platforms, custom mill work and bars, trash receptacles, tray stands, outdoor & pool furniture and umbrellas

Serving ☐

Heat lamps, tongs, ladles, order bars, microwaves, carving stations, soup stations, ice cream dishers, induction ranges, sizzle platters

Service Misc. ☐

Clothes hangers, traffic ropes & stands, signs, menu boards, checkroom numbers, dance floors, service carts, bus & serving trays, guest checks, service/host stands, silverware bins

Back Of The House ☑

Receiving ☐

Scales, receiving tables, hand trucks, platform trucks, shelving, can racks, sinks, containers, waste receptacles

Pizza/Sandwich ☐

Spreaders, cutters, pans, shakers, peels, dough pans, oven brushes, basting domes

Janitorial ☐

Liquid & powder dish detergents, sanitizers, degreasers, floor & tile cleaners, deodorants, polishes, vacuum cleaners, floor machines, carpet cleaners, mops, brooms, brushes, dust pans, light bulbs, step stools, ladders, mop buckets, linen hampers, floor & entrance mats, insect control, trash cans & liners

Restroom ☐

Toilet tissue & towel dispensers, electrical & chemical deodorizers, hand dryers, urinal screens, sanitary napkin disposals, soap dispensers, bowl brushes, signs, disinfectants, toilet partitions, signage

Disposables ☐

Paper & plastics, cups, plates, carry-out containers, foil, wax paper, film, paper wraps, plastic bags, coasters, napkins, toilet tissue, towels, placemats, straws, bags, over 500 different items. Custom printing is available.

Food Safety ☐

Ice totes, color coded cutting boards, knives, sanitizing pails, first aid kits, rapid chillers, gloves

Preparation ☐

Knives, meat forks, slicers, paring knives, knife sharpeners, tomato slicers, food processors, blenders, immersion blenders, electric slicers, scales, can openers, scissors, poultry shears, cutting boards, safety gloves, bins, waste receptacles, colanders, strainers, shelving, ladles, plastic tubs, kitchen carts, tenderizers

Cooking ☐

Pots, pans, roasters, steam table pans, strainers, solid & perforated spoons, ladles, cooking forks, spice racks, scoops, shakers, basters, funnels, spatulas, timers, blenders, thermometers, hot pads, insulated gloves

Baking ☐

Sheet pans, cookie sheets, biscuit pans, cake pans, decorating sets, pastry bags, pastry brushes, thermometers, testers, rolling pins, boards, whips, doilies, flour bins, pie pans, pie markers, parchment paper, cooling racks

Warewashing ☐

Scrap blocks, garbage cans, rubber spatulas, sponges, rubber gloves, metal scrubbers, waste receptacles, rack dollies, dish & glass racks, vinyl aprons

Uniforms ☐

Hats, shirts, pants, footwear, aprons, bar cloths, table wipers, drying towels, gloves

NLR72-G

How Cool is This?

A bottom mount compressor is easy to clean, allows for additional storage space on top, is located away from grease-laden steam and creates a no stoop bottom shelf.

AdvantEDGE™ Glass Door Refrigerators

- Stainless steel interior and exterior
- Air-cooled condensing unit
- Automatic condensate vaporizer & defrost
- Door open alarm
- Interior LED lighting
- Microprocessor with digital display
- Operating temperature range: 34°F to 38°F
- Polyurethane insulation
- Key locks
- R-134a refrigerant for NLR23-G; R-404a for NLR49-G and NLR72-G
- Vinyl coated shelves
- 4" casters
- 33"d x 83¾"h
- 3 year parts and labor plus an additional 2 year warranty on compressor

How Cool is This?

Beverage coolers are perfect to customize with your company logo. Make it stand out from the crowd!

Iced Beverage Cooler

- Dent resistant fiberglass base
- Tub base is molded from one piece for smooth finish, rounded corners
- 20 gauge stainless steel
- Fully welded cold pan is 5" deep with ample space for a layer of ice to cool your beverages or salad bar
- Large enough to accommodate three 12"x 20" pans
- Customize the front with your logo
- Colors: Deep Red, Desert Crimson, Teal Blue, Hunter Green, Sea Blue, Sky Blue, Sunrise Yellow, Snow White
- 50"l x 30"d x 36"h

R3-BCI Holds (120) 12 oz Bottles

True®

Deep Well Bottle Coolers

- Black vinyl finish with stainless steel top and lid(s)
- Interior - long lasting heavy-duty galvanized steel
- Forced air cooling chills bottles on top first
- Provides ice cold products 33°F to 38°F - very fast pull-down capacity
- Heavy duty, 10 mil thick, pure grade PVC coated adjustable bin dividers for maximum storage use
- Rugged removable bottle cap opener and cap catcher
- 26⅝"d x 33⅜"h
- 3 year parts and labor warranty, 5 year compressor warranty
- 115V

TD-95-38	95⅜"	37½/55 cs

Bottle coolers provide a consistent temperature and lower utility costs, offering value in today's foodservice marketplace.

T-50-GC

Glass & Plate Chillers

- Automatic defrost system
- Interior - long lasting heavy galvanized steel
- Huge capacity meets supply and demand requirements during peak hours
- Save time - load glasses dry and frost even faster with temperature 0°F and below
- Movable racks for maximum storage flexibility
- R404A refrigerant
- Attractive, wear-resistant laminated heavy duty black vinyl exterior (stainless steel available)
- 26⅝"d x 33⅜"h
- 115V

Arctic BlueLine Series

- Panels are NSF, UL listed, tongue and groove, cam lock sealed with dual bulb NSF approved gasket
- Interior and exterior Acrylume finish to minimize fingerprints and oxidation
- Doors are 30" x 78" centered, self-closing, flush mounted, foamed-in-place
- Doors include 24" high diamond tread kick-plates (int. & ext.)
- Key Lock handle
- Inside safety release
- Light switch
- Dial thermometer
- Vapor-proof door light centered over door
- Next Day Shipping
- Floorless models include NSF approved, coved base vinyl screens, pre-cut and mitered
- Available with self-contained or remote pre-assembled refrigeration
- 15 year panel warranty, 1 year refrigeration labor warranty, 1 year parts warranty, 5 year compressor warranty

Arctic Series 3000

- Available in foamed-in-place Class 1 Urethane or solid core extruded high density foam
- 4" and 6" panel profiles available
- One piece corners
- Pre-assembled, inspected and photographed prior to all shipments.
- 34" self-closing, in fitting, flush mounted door
- 36" high aluminum diamond tread kick plates interior and exterior
- Center mounted, factory installed vapor proof light fixture with safety night light
- LED digital thermometer with light switch
- Inside safety release
- 15 year panel warranty, 1 year refrigeration labor warranty, 1 year parts warranty, 5 year compressor warranty

Arctic®
WALK-IN COOLERS AND FREEZERS

All Arctic walk-ins meet NSF/UL standards

Walk-in coolers and freezers custom built to any size and shape. Please contact your local sales representative.

Walk-In Coolers & Freezers

- Foamed-in-place urethane panels with speed-lok fastening system
- Full 36" x 78" door complete with structural frame
- Galvalume finish interior and exterior
- Freezers with 10 gauge smooth aluminum floor
- Full line of pre-assembled remote or self-contained refrigeration equipment
- Nominal sizes standard, custom available

Kold Locker™ Walk-Ins

Kold Locker™ Walk-Ins

10,000 models available to ship the same day!

- CFC-free polyurethane insulation
- Exclusive Capsule Pak™ refrigeration system
- Automatic condensate vaporizer - no drain line required on indoor units
- Three heights: 6'7" & 7'7" with floor, 7'4" floorless
- 77 cu ft to 1,000 cu ft, indoor or outdoor models
- 15 year panel warranty
- Sizes from 3'6" x 6' to 8' x 20'
- Temperatures: 35°F, -10°F, or -20°F
- Exterior is 26 gauge corrosion resistant stucco embossed coated steel
- 26" wide self closing door
- FRP threshold
- Registered by UL to ISO 9001:2008

Fast-Trak® Walk-Ins

Fast-Trak® Walk-Ins

- CFC-free polyurethane insulation
- R-134a refrigerant
- Digital thermometer
- Heavy duty hinges
- Deadbolt locking handle
- Four heights: 8'7" & 7'7" with floor, 7'4" & 8'4" floorless
- Temperatures: 35° to 38°F or -10°F
- Exterior is 26 gauge corrosion resistant stucco embossed coated steel
- 15 year panel warranty
- 26", 30" or 36" wide self-closing door
- Cooler, freezer or combination cooler/freezer models available
- FRP threshold
- Registered by UL to ISO 9001:2008

ColdGuard Cooler & Freezer Swing Doors

- Swing doors can be used on new applications, or to replace worn out OEM doors in walk-in coolers
- Unique design allows Non-CFC foamed-in-place polyurethane insulation to lock in place with the fiberglass reinforced polymer (FRP) producing an extremely durable, insulated panel
- A variety of finishes are available including 26 gauge steel with USDA accepted white polyester finish, 26 gauge G-90 embossed galvanized steel, and galvalume, stainless steel, embossed white aluminum and smooth white aluminum
- Door panels are available in 4" and 6" panel thickness with an R Value of 28 and 37.1 respectively

Chase Doors
World's Leading Manufacturer of Traffic Doors

NSF

How Cool is This?

Strip and metal doors cut energy costs by decreasing energy loss, improving compressor efficiency and lowering monthly energy expenses.

NSF Certified Curtronizer® Strip Doors

- Complies with Energy Independence and Security Act of 2007
- Limited lifetime warranty on hardware
- Provides significant energy savings
- Reduces frost buildup and increases compressor life
- Easy to install and replace strips
- Polar reinforced strips handle temperature from -20° to 150°F
- For 36"w x 84"h openings, 6"w x .060" thick strips

Crescent Ice Cubes

KM-201BAH

Self-Contained Cubelet with Built-In Storage Bin

- Self-contained, undercounter design is less than 32" tall, which complies with the Americans with Disabilities Act (ADA)
- Up to 92 lbs of ice per 24 hours
- Durable stainless steel exterior
- Up to 22 lbs of built-in storage capacity
- Fewer moving parts for longer life
- Swing style reversible door
- R-134a refrigerant
- 115V

C-101BAH-AD
Air-cooled, 14⅞"w x 22⅝"d x 31½"h

Cubelet Ice Cubes

Water Filters

- Keep ice makers functioning at full capacity
- Reduce up to 99.9% of disinfectant chlorine from incoming water supply, eliminating tastes and odors from the ice
- Will filter out dirt and rust particles as small as ½ micron producing crystal clear ice (99+% reduction)
- Decreases machine maintenance by reducing lime scale build-up
- 5 year warranty on head

H9320 Available in Single, Double, or Triple Configurations

Modular Crescent Cubers

- Durable stainless steel exterior
- Individual crescent shaped cube
- Protected by H-GUARD Plus Antimicrobial Agent
- CycleSaver™ design - fewer cycles for less wear and tear
- EverCheck™ alert system - tells when unit needs service
- Stainless steel evaporator
- Storage bin sold separately
- Removable air filter (air-cooled models only)
- R-404A refrigerant
- 3 year parts and labor on entire machine
- 5 year parts and labor on evaporator
- 5 year parts on compressor, air-cooled condenser coil
- 115V

T280 Shown with GB560 Series Ice Machine and B650D Bin

Ice Cube & Water Dispenser

- Ideal for hospitals, training facilities, clinics, nursing homes, hotels, resorts, and schools
- Features one-hand push button dispensing for ease of operation
- Optional water valve and tapered ice spout facilitate glass filling
- The auger feed mechanism prevents waste, spillage, and splashing problems
- Optional thermostatically controlled ice agitator keeps the ice in the bin in small dispensable pieces
- Features corrosion-resistant stainless steel exterior and frame
- Unique "upside-down" horizontal evaporator and water plate assembly create perfect crystal-clear cubes, nearly as pure as distilled water
- 3 year bumper-to-bumper warranty on all parts and labor

AKD125 42.3"w x 25.5"d x 15.5"h

Ice Crusher

- Crushed ice is made from harder, denser cubes, so it lasts longer and melts more slowly than flaked ice
- Crushed ice is excellent for cold food displays, and chills iced drinks without diluting
- Designed to work with the GB Series Cubers - fully automated machine produces both cubes or crushed ice, and can be separated with an optional bin divider
- Stainless steel cabinet, crusher mechanism, and hopper
- Feature a unique "upside down" horizontal evaporator and water plate assembly - leaving only perfect crystal-clear cubes
- Serviceable from the front
- 3 year bumper-to-bumper warranty on all parts and labor

Hydrovection™ Ovens

- Unites convection cooking with humidity for faster results and 15% greater yield
- Famous Blodgett durability - angle iron frame, all stainless steel exterior, 316 stainless steel liner
- Easy access—dual pane, black glass dependent doors open simultaneously with one hand and are easy to clean, even between the glass
- Easy to use - simple manual control - set it and go; or upgrade to the MenuSelect control, with 99 programs, a cleaning cycle, cook-n-hold, 100° to 500°F range
- Great bake - 4 speed auto reversing fan for gentle to high speed cooking
- Easy to clean - spray hose, sealed stainless liner, and floor drain make cleaning a breeze
- Industry leading ergonomics with the double stack - overall height is only 70"
- 38"w x 40"d, 27½"h, without legs or casters
- 25" legs for single units, or upgrade to the 29" stand with pan slides and storage shelf
- 5 oven racks, made from 304 polished stainless steel

Mini Electric Combi Oven w/Hoodini™ Ventless Hood

- Stainless steel interior and exterior
- Cool touch door
- Reversible 9 speed fan
- Easy to use touchscreen control - stores up to 500 recipe programs with 15 steps each
- Multiple cooking modes include hot air, CombiSmart, CombiOptima, retherm, steaming, low-temperature steaming, forced steaming, proofing and preheating
- USB port for data and recipe transfer
- Automatic humidity pulsing
- External core temperature probe
- Automated CombiWash

Hoodini™ Ventless Hood

- Removes smoke, odor and moisture from the oven cavity
- Combines catalytic system with condensing system
- No filters to change
- No top clearance required
- Door is not on timed lock

BLCT-6E-H Single Deck, 32⅛"w x 20³⁄₁₆"d x 31⁵⁄₁₆"h (44.4"h with Hood)

Many other configurations available

Patented Non-Clog Burners
- 33,000 Btu NAT (24,000 Btu LP)
- Patented one piece non-clog Burner
- Guaranteed to not clog for life!
- Port protection drip ring keeps ports from clogging
- Allows for consistent Btu output

Star/Sauté Burners
- 33,000 Btu NAT (24,000 Btu LP)
- Port arrangement allows for even distribution of flame

Pyromax Burners
- 40,000 Btu NAT (31,000 Btu LP)
- Patented high output burner
- Three piece easy clean Non-clog burner
- Built in port protection drip ring

Standard Grates
- Cast in bowl design for better efficiency
- Allows full use of entire range top
- Easy to move cooking vessels across cooking surface

Wavy Grates
- Cast in bowl design for better efficiency
- Allows full use of entire range top
- Easy to move cooking vessels across cooking surface
- Supports use of small and large cooking vessels

5 Burner Combination Top
- Blended performance with combined burners
- Two Pyromax burners rear
- Choice of three star/saute' burners or three standard burners front

Platinum 32 - The Standard in Sectional Equipment Batteries

Southbend sectional batteries are designed to withstand the rigors of high-volume restaurants, hotel kitchens and institutional kitchens. Heavy duty ranges, griddles, charbroilers, stock pot ranges, fryers and broilers can be combined for a 100% custom line-up to fit the needs of any high-volume operation.

Free Battery Design Assistance

Features and Specifications

- Largest variety of sizes to choose from: 12", 16", 24", 32", 36" and 48"
- Ranges can be mounted on cabinet, standard or convection oven, refrigerated base or TruVection base
- Heavy, solid stainless steel removable shelf standard with shelf risers
- FRONT and REAR gas connections
- Standing oven pilot ignition on standard and convection oven bases
- Porcelain oven interior standard, optional stainless steel interior
- Heavy-duty cast iron split grates, flush top design
- 45,000 Btu standard and convection oven bases
- 45,000 Btu PyroMax cast iron open burners
- Deepest standard oven capacity (fits 26" x 26" sheet pan either way)
- Cool-to-the-touch door handle
- Stainless steel front
- Stainless steel front and sides on flue riser
- Stainless steel base, sides and burner box standard

Warranty

- Two year warranty on operational parts, one year labor 24/7 warranty
- Lifetime warranty on burners against clogging
- Lifetime warranty on legs

Options & Accessories

- Electronic oven pilot ignition available (must be specified)
- Spreader cabinets
- Flue risers w/shelves
- Extra deep 42" model
- Stainless steel work top
- Belly bar
- Pressure regulators
- Stainless steel rear
- Stainless steel enclosures under shelves or broilers
- Continuous front rails
- Overlapping griddle
- Extra oven racks
- Heavy-duty casters
- Caster frames

24/7 warranty is effective on all Southbend Equipment.

Mmm... Melty!

Cheesemelters and Salamanders can both be used for browning casseroles, melting cheese, or warming sandwiches but because of the Salamander's high heat output it can also be used as a cooking oven.

Broiler Salamanders

- Stainless steel construction including radiants
- Dual valve controls (left and right operation)
- 5 position, “Easy Track”, counter balanced, rack adjustment
- Cool touch handle design
- Flue riser mount standard
- Chrome plated cooking grates
- Burners run front to back for better zone control
- 4 - 10,000 Btu Burners (36"); 6 - 10,000 Btu Burners (48")

P36-NFR

Radiant		**Infrared, 1650° Tile Temp.**	
P36-RAD	36"	**P36-NFR**	36"
P48-RAD	48"	**P48-NFR**	48"

Platinum Series Infrared Cheesemelters

- Dual valve control for independent left and right operation
- 90 second preheat time with no waiting between loads
- Stainless steel construction
- Bright annealed removable crumb tray
- 5 position rack
- Standard mount on the flue riser of a sectional and/or restaurant range

CM Series

P24-CM	24", 20,000 Btu	**P48-CM**	48", 60,000 Btu

Proof it Right!

In bread baking, the word proofing most commonly refers to the final rise dough undergoes, which takes place after being shaped into a loaf, and before it is baked. Shaping doesn't impact its internal chemistry—the processes and chemical reactions at work during bulk and final rises are the same. As a rule, warmer dough will rise faster than colder dough, so make sure you take stock of the environment in which you're baking.

Oven/Proofer

- Heavy-duty, stainless steel construction
- This 3-pan oven, 9-pan proofer meets all your baking needs
- Each oven deck individually controlled
- Full-view, heat reflective glass doors
- Each deck brightly illuminated
- No moving parts in oven – eliminates maintenance problems
- Individual heat and humidity controls
- High volume blower in proofer section
- Manual fill water pan – 4.3 qt capacity

OP-3 33"w x 36"d x 74½"h

Roll-In Proofer

- Stainless steel finish - interior, exterior meets NSF codes for easy maintenance
- Individual heat and humidity controls provides precise control over proofing environment
- High volume blower circulates heat and humidity efficiently
- Standard automatic humidity eliminates manual-fill water pan
- Full-view glass door provides sight-proofing
- Holds (18) 18" x 26" pans on 3" spacing
- Can also accommodate one roll-in bread rack
- 120/208-240V, 3000 watts

RIP-1 33"w x 43"d x 74¾"h

Holding Cabinet

- Stainless steel construction
- Precise temperature to 225° and humidity control
- Individual heat and food moisture controls
- Digital read-out
- Stainless steel 1 gallon water pan
- 60 minute timer
- Stainless steel or glass full-view panel
- Flexible pan glide system
- Removable chrome racks with adjustable spacing every 1½"
- Swivel casters, 2 with brakes
- Holds (16) 18" x 26" pans
- 120V, 2000 watts

1016-SS Full Size, 29¾"w x 31⅝"d x 74¾"h

Heated Cabinet/Proofer

- Heavy-duty aluminum construction
- Non-insulated heated cabinet
- Channel spacing 1½"
- Digital read-out for accuracy
- 60 minute timer
- Full perimeter bumper
- 5" swivel casters, 2 with brakes
- Holds (34) 18" x 26" pans
- 120V, 1500 watts

934-H Full Size, 25"w x 31"d x 68¾"h

ROADWARRIOR

Roast & Hold Oven

- Roast Right Technology allows you to store up to 20 cooking programs
- Set cook time, cook temperature, smoking, steam and hold time
- The product probe automatically switches to hold cycle when the desired temperature is reached, ensuring a perfectly cooked product
- Holds (5) 17½" x 26" shelves or 18" x 26" pans
- Digital controls
- Convection cooking with steam and/or smoke
- Electric smoke box
- No plumbing required
- All stainless steel construction
- Cooking guide
- 120/208V or 120/240V

This is Hot!

The purpose of low temperature cooking is increased moisture retention, tenderization and consistency of product. As a consequence, the benefit of low temperature cooking is increased product yield and therefore, increased profits. In addition, cook and hold ovens provide labor and energy savings that further increase profitability.

- Automatic water fill with bypass switch
- Drain valve interlock
- Common drain outlet
- Cleaning brush
- Adjustable 6" legs
- 14⅛" x 19½" x 11¼"d

SRTG14 17½ gal Water Capacity, CGA
SRTE14 16½ gal Water Capacity, UL

Third Party Oil Discard System

- A third party oil company can install their holding system and connect directly to a Pitco fryer system
- No spill and no burn hazard during disposal
- Filter pump delivers used oil to a third party holding tank

What's oil reclamation?
In many areas, third party oil companies are taking used oil and reusing it in environmentally friendly ways.
For an operator this translates to little or no service fees for used oil removal. Oil discard systems that hook up directly to fryer systems allow for faster transfer and little to no clean up.

The Basket Border™ Basket Divider

- Converts a standard fryer basket into a multi-compartment basket
- Keeps different foods separate and helps maintain portion control
- Nickel-plated

226-1132 Fits most baskets with 5¾" to 6⁵⁄₁₆" top width and 4⅞" minimum bottom width

E-Z Grip® & E-Z Grip® Plus Fryer Baskets

- Ergonomically designed to allow a "squeezing" action for a better grip when handling basket
- Nickel plated with Teal vinyl coated handle

E-Z Grip® Plus Basket

- Patented corner protection and double front hook construction dramatically extends the life of the basket

The Baffle Boss® Hood Filter Lifting Tool

- Universal lifting prongs adjust from 9¾" to 15" across to accommodate most filter brands and sizes
- Fork ensures stable handling
- Fork can be adjusted to five different positions to conform to any hood angle
- Lightweight for ease of handling
- Folds flat for easy storage
- Includes locking pin

129-1090 5' Pole with 10¾" x 14¾" Fork

Ventless Cooking Systems

- All units are entirely self-contained
- 208V

Cooktop Elements
- Independent infinite control with a positive-off position
- French plate elements are 9" dia
- Spiral elements are 8" dia

Griddles
- Two positive-off thermostats, each adjustable from 200° to 400°F
- Full-width front grease trough
- Stainless steel splash guard

Combo Fryers
- Includes two half-size, fry baskets

Auto-Lift Dual Fryers
- Include two full-size, rear hanging fry baskets
- Two automatic basket-lifting mechanisms, each controlled by a push-button automatic reset timer

Universal Ventless Hoods

- Stainless steel construction
- Ansul® R-102 Fire Suppression System
- 4-stage filtration system
- Airflow Sensing System continually monitors airflow through the filtration system
- Removable/replaceable multi stage filter system
- Adjustable legs for leveling
- For use with electric appliances only with a maximum of 22kW output
- Stainless steel stand included

Countertop Universal Ventless Hood

- Designed to set on a countertop, equipment stand or refrigerated chef base
- Completely self-contained, 4-stage filtration system
- Very quiet with only 68 dBA average
- Interlock system
- Two LED lights for improved visibility
- Airflow sensors continually monitor airflow for optimizing performance and grease removal
- Stainless steel construction for strength, durability and ease of cleaning

Canopy Hoods

- 4-stage filtration system
- Wall or ceiling mounted
- Very quiet with only 68 dBA average
- Interlock system
- Airflow sensors with illuminated early-warning system
- Stainless steel construction for strength, durability and ease of cleaning

Electric High Capacity Open Auto-Lift Fryers

- Automatic Oil Temperature Control ensures consistent precise temperatures
- Heavy duty stainless steel flat bar element with a low watt density for longer oil life
- Frypot is constructed of stainless steel and robotically welded for durability

Convection Oven Bases

- Oven is controlled by a solid state temperature controller adjustable from 100° to 450°F
- Five programmable menu keys
- Five adjustable oven racks
- Stainless steel interior and exterior

Double Door Cabinet Bases

- Stainless steel construction
- Dual-hinged stainless steel doors and heavy-duty hinges for durability and ease of access
- Two each adjustable 6" to 8" front legs and 2 each 6" rear mounted rigid casters standard

VCS 2000 Series Drawer Warming Bases

- Individual thermostatic temperature control on each drawer
- Variable temperature setting from 90° to 210°F, for accurate thermostatic control
- Each drawer includes a removable 12" x 20" x 6" deep stainless pan

Safety First

Wells' Fire Protection System may be linked to the building fire-alarm system and is connected to the emergency pulldown station(s)

The cooking appliances are interlocked with the filtration and fire protection, and will not energize if:
- The filters are not in place
- The filters need to be replaced
- There is a fire

Additional ANSUL® nozzles in the hood plenum provide additional safety.

A series of early warning lights indicate the need for filter replacement, ensuring a cleaner, safer environment.

These Wells are Steaming!

Heated wells are filled with water to help maintain an even temperature on the food pans. The steam created in concert with the hot water helps keep the food moist until served.

Hot Food Tables

- Heavy duty stainless steel construction
- Fiberglass insulation between each compartment
- 1" thick 8" wide white thermoplastic cutting board
- Stainless steel undershelf and legs
- 120V

Sleek Shields™

Goodbye to the days of loosening and tightening bolts on both sides. Simply release the chamber and turn, from only one side. Front glass easily rotates to any position. Our patent pending Chamber Lock™ System lets you position front glass at 15° intervals.

This low profile design means less metal, and more visible glass, making this the sleekest food shield yet.

- Patent pending design
- Powder coat colors available
- Cafeteria, self-service, stationary, and display models available
- Various sizes and configurations available, please contact your sales representative

"Cool Breeze" Drop-Ins

- FoodSafe™ cold food is kept below 40°F for HACCP safety
- Stainless steel construction
- Uses environmentally friendly 134A refrigerant
- Mechanical cold pan maintains product at 41°F or less for up to 4 hours
- Accommodates up to 4" deep food pans
- Digital temperature display and control of temperature and defrost
- This drop-in unit cascades a "Cool Breeze" of air over the product without drying it out or causing freezer burn
- 1 year parts & labor warranty
- 120V

AquaSaver® Control Center

Saves water. Saves money. **It's all about the savings!**

Cuts water use up to 70%

Take control of your water use with the AquaSaver® control center from InSinkErator®.

- On-demand water saving system for InSinkErator® Foodservice disposer systems
- Regulates water flow – when less is needed, less is used
- Reduces water and sewer costs year after year
- Easy to install and made with stainless steel
- Exclusive patented control from InSinkErator®
- 3 year full warranty when purchased as part of a complete disposer package
- Free shipping

USING FOOD WASTE DISPOSERS IS THE...

InSinkErator® food waste disposer systems are eco-friendly and provide increased staff efficiency and significant cost reductions. They are your best all-around choice for food waste management.

Food waste disposers can provide an environmentally responsible alternative to transporting food waste to landfills. The InSinkErator® brand was established in 1938. Today, we're the world's largest manufacturer of food waste disposers for home and commercial use. As the undisputed leader in disposer quality and reliability, our products are renowned for maximum energy efficiency and long lasting durability.

- Automatic pot and pan washing system reduces labor costs up to 56%
- Specially designed patented nozzles scrub heavily soiled pots and pans
- 14 gauge type 304 stainless steel
- NEMA 4X control panel enclosure
- Heavy duty pump with a 2 hp TEFC motor
- S/S utensil basket
- Seamless front skirt
- Fast flow mixing faucets
- Single point electrical connection: motor, controls, heater
- Basket style high capacity lever action waste drain
- Welded support legs with S/S feet
- Dual water temperature settings: 110° low/130° high
- 2.5 kW heater with low water protection and dual temperature control

Aqua-Scrubber Custom Built or Choose From Two Pre-Engineered Systems–The Dash 109 or The Marathon 140

Smart-Scrubber™

- The smart alternative to a standard 3 compartment sink
- 16 gauge stainless steel construction with rolled front edge and hemmed edge sides and 11" backsplash
- Automatic pot and pan washing system with six high velocity water jets to create a turbulent whirlpool action
- Simplified design
- SMART controls – pump on/off and heat on/off
- 1 hp pump motor and heat source that is not immersed in water
- Basket style high capacity lever action waste drain
- Single point electrical connection
- Welded support legs with stainless steel feet
- 120V

Smart-Scrubber Available in 96", 112" or 136" Widths

This is Hot!

Power-assisted potwash sinks are an efficient alternative to 3 compartment sinks. They reduce labor, water and detergent costs by cleaning pots and pans with high powered water. Power potwashers clean pots and pans that manual scrubbing can't, reducing replacement costs.

Why Buy a Meat Grinder?

Grinding reduces the risk of cross contamination, allows control of the quality of meat in the mix, and provides fresh, loose meat which improves both the moisture levels and texture of the meat after cooking.

This is Sweet!

A Dough sheeter can be used to roll fondant for covering cakes. It not only saves time but it cuts back on the cost of fondant by rolling sheets at a consistent thickness. Sheeters can also roll out fondant super thin for decorations like ribbons & bows or pretty thick for things like cookie dough.

To learn more visit: cakecentral.com

Floor models come standard with foot pedal operation (hand controls optional)

SFG600TM-02

Reversible Dough Sheeters

- 0 to 1.9" (48 mm) adjustable cylinder

Grill More Than Sandwiches!

Use the panini press as a mini grill to make sweet, smoky asparagus, eggplant and sweet potato slices. You can also sprinkle sliced fruit (like pineapple, stone fruits, and figs) with a little sugar and grill it in the panini press for an excellent dessert on its own or alongside cake.

Ready to Eat!

Innovative upgrades, like USB ports, make reprogramming foodservice equipment a breeze!

PaniniPro™ High-Speed Sandwich Press

- This compact workhorse is ideal for super-busy operations
- With simultaneous conduction and microwave heating, sandwiches are ready in about 60 seconds — no pre-heat necessary
- Spring-loaded upper plate ensures uniform plate-to-food contact
- Nonstick coating on all food-contact surfaces
- Preprogrammed with 4 standard heating cycles
- 4 push-button electronic controls ensure heating consistency from sandwich to sandwich

208V

6900-208-GF	Grooved Top & Flat Bottom
6900-208-GG	Grooved Top & Bottom
6900-208-FF	Flat Top & Bottom

240V

6900-240-GF	Grooved Top & Flat Bottom
6900-240-GG	Grooved Top & Bottom
6900-240-FF	Flat Top & Bottom

Built-in USB port makes reprogramming for a menu change a simple process (flash drive with software included)

Comes with a spatula that's both flexible and durable, yet won't harm the integrity of the plates' nonstick coating.

Roma Tomato Slicers

- Stainless steel blades in a pretensioned assembly that maintains even spacing for consistent, even slices
- Straight-down blade motion engages the roma tomato squarely instead of at an angle for a beautifully clean slice

56610-1 3/16" Slice
56610-2 1/4" Slice

NEMCO FOOD EQUIPMENT
"Exceeding your expectations"

Easy Tomato Slicer™

- Compact size saves valuable work space
- Razor-sharp S/S blades cut with trouble free precision
- Vertical handle and protective guards
- High-density polyethylene slide board

55600-1 3/16" Slice
55600-2 1/4" Slice
55600-3 3/8" Slice
55600-7 7/32" Slice

Easy Chopper™

- Comfortable, weighted handle does most of the work
- One cutting grid included
- Interchangeable cutting grids (sold separately) cut, chop and dice easily!
- Stainless steel grid blades stay sharp to cut cleanly with one stroke
- Sturdy base is well balanced on four legs with non-skid feet

55500-1 1/4" Cut
55500-2 3/8" Cut
55500-3 1/2" Cut
55500-4 1" Cut

Easy Tomato Slicer 2

- Pretensioned cartridge blade assembly stays properly aligned and tightened
- Holds larger tomatoes, 4 1/2" diameter
- Cuts strawberries and mushrooms
- Features ergonomic handle, high density polyethylene slide board, hand guards, self-lubricating track, and rubber feet

56600-1 3/16" Slice
56600-2 1/4" Slice
56600-3 3/8" Slice

Easy Onion Slicer 2™

- Cuts onions, celery, potatoes, green peppers, firm tomatoes, cucumbers and citrus fruits, such as lemons, limes and oranges
- S/S blades and commercial-grade aluminum construction ensure durability
- Blades are pre-tensioned and require absolutely ZERO tightening
- Slice diameter, 4" square

56750-1 3/16" Thick Slice
56750-2 1/4" Thick Slice
56750-3 3/8" Thick Slice
56750-4 1/2" Thick Slice

Easy Flowering Onion™ Cutter

- Just one stroke turns a colossal onion into a colossal, flowering favorite, then batter, bread and deep fry
- Adapter base lets you use smaller onions as well
- Sturdy, all-metal construction for long life

- Assembled and engineered in the USA
- Fastest manual sharpener in the industry
- Assembled and engineered in USA

M465 Straight and Serrated Edges, 2 Stage

This Is Sharp!

It should be easy to use a knife sharpener without injuring your fingers. Manual and electric sharpeners are available with safety features. Manual sharpeners have a protective barrier between your fingers and the blade. Electric sharpeners use slots or rails to guide the knife into the sharpening disks or belt, instead of your hand.

Saf-T-Wrap® Stations

- Prevents contamination of film, foil or paper rolls
- Combined tools for speed – includes date label dispenser
- Side caddies hold pens, cutters or other tools
- Safe and efficient replaceable safety cutting blade
- Holds date label rolls .75" to 3" wide x 3.25" dia
- Holds film, foil or paper roll 12" to 18" wide x 5.1" total dia
- 4 suction cups hold securely to table top or hangs on wire shelf or wall
- Dishwasher safe

SW1218	With Safety Blade
SW1218SC	With Slide Cutter

Why Color Code?

Improves food safety by preventing workers from mixing up tools and causing cross contamination. Here are some suggested color guidelines:

Red – Raw Meat

Yellow – Raw Poultry

Blue – Fish

Brown – Cooked Food

Green – Produce

White – Dairy

Purple – Allergen-Free

Black – Miscellaneous

Colored Grippy Cutting Boards

- Sanitary and easy to clean
- Prevents cross-contamination and promotes HACCP® guidelines
- Corner grips to prevent slippage
- Heat, chemical and warp resistant
- Dishwasher safe
- ½" thick
- Single boards available in White (WH), Green (GN), Red (RD), Yellow (YL), Blue (BL), Brown (BR) and Purple (PR) - (9" x 12" available in allergen-safe purple only)
- 4 pk sets include one each White, Green, Yellow and Red, HACCP® chart and stickers
- 6 pk sets include one each White, Green, Yellow, Red, Blue and Brown, HACCP® chart and stickers

Allergen Digital Thermometer

- 1.5mm diameter FDA recommended stepdown probe tip for faster response time
- Recalibratable
- Maximum/minimum temperature recall feature
- Hold and backlight features for easy reading
- Includes antimicrobial plastic storage case
- Waterproof
- Auto off feature to conserve battery
- 4.5" stainless steel stem
- 1 CR2032 lithium battery installed

9878EPR 40° to 500°F/40° to 260°C

Prep it Right!

If you require all managers to carry a pocket thermometer, they can frequently test potentially hazardous foods to assure that proper internal cooking, holding or refrigeration temperatures have been reached and maintained. Most thermometers available will give an accurate reading within 2°F to 4°F range. Generally, the thermometer should be placed in the thickest part of the food, away from bone, fat or gristle.

Digital Thermocouple Thermometer w/Folding Probe

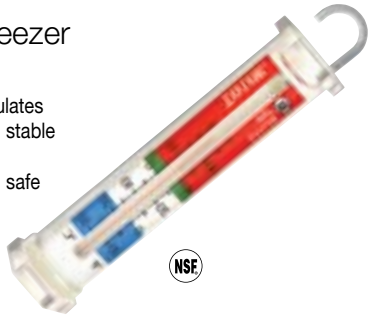
- 1.5 mm dia stepdown probe
- Field recalibratable
- Large easy-to-read display
- 2 AAA batteries included

9867FDA -40° to 572°F/-40° to 300

TempRite Refrigerator/Freezer Thermometer

- Propylene glycol filled thermometer simulates food temperature for more accurate and stable readings
- Bright blue, red and green graphics with safe temp. zone indicators
- Stands or hangs

5927 -20° to 60°F/-30° to 30°C



Dishwasher Test Labels

- Strips can be applied to dry item and placed in the dishwasher
- Color changes to verify proper sanitation
- Strip can be removed, signed and dated
- 24 labels per pack

40813 8" x 12"
40814 10" x 14"

Prep it Right!

Raw and cooked foods should be kept apart

- Use separate preparation areas (including sinks) for raw products like uncooked meat, poultry and seafood, and cooked or ready-to-eat foods.
- You should also have separate freezers and coolers. If you must store raw products in the same coolers and freezers, then you should store raw products well away from the prepared foods.

All food should be covered while in storage

- Raw foods should be kept in separate containers that are well covered or have tight fitting lids.
- Always store raw products on a shelf lower than prepared foods.

Eco Vacuum Pro

- External vacuum packaging machine
- Self-lubricating vacuum pump
- Use with channeled bags – CB Series
- 12¼" sealing beam

EVP 10½"l x 14$^{1}/_{8}$"w x 5"h

VacMaster Vacuum Packaging Machines

- "Chamber & Vacuum Technology" ensures optimal product sealing/storage
- Higher vacuum levels prevent failed seals, while reducing the possibility of liquid removal during sealing cycle
- Increases shelf life and reduces freezer burn by eliminating the re-introduction of air into the sealed pouch
- Ideal for sous-vide cooking when used with cook-in pouches

VP215 11¼" x 15¼" x 5" Chamber, (1) 10¼" Seal Bar
VP320 16¾" x 18" x 7" Chamber, (1) 16" Seal Bar
VP540 21¼" x 20¾" x 7" Chamber, (2) 20" Seal Bars

- A quality chlorinated detergent for use in commercial dishwashing machines
- Perfectly safe and ideal for use with fine china, crystal and silverware

456CP4-4 4 lb Carton, 4 per case

eLIMEinate II Economy Descaler

- Eliminate calcium and other hard water mineral deposits from wash arms, spray jets and interior dish machine walls
- Maximizes rinse action so dishes are completely clean every time

10894CG1-4 1 gal Liquid, 4 per case

DALEY International

Pipeline Drain & Grease Trap Treatment

- Naturally occurring, non-pathogenic aerobic and anaerobic bacteria and enzymes work continuously to solubilize and digest waste without the use of harmful acids, caustics or solvents
- This natural decomposition of soils and waste helps eliminate drain and sewer line problems when used as directed in a regular program
- Safe, easy to use

154C1Q6 1 qt Liquid, 6 per case

Dumpster Fresh Odor Neutralizer

- Eliminates garbage odors at their source and keeps them from returning
- Designed to eliminate odors in and around trash collection areas and includes a long-lasting spice fragrance without harsh solvents
- No mixing

542CP25 25 lb Bucket

Traction Cleaner Degreaser for Quarry Tile Floors

- Traction was formulated for cleaning the kinds of grease found in food preparation areas
- Actually out-performs regular “made for floors” cleaners and all purpose cleaners
- Continued floor maintenance with TRACTION will help keep kitchen floors clean and grease-free, consequently safer

695CG1-4 1 gal Liquid, 4 per case

Envir-O-Safe Hand Dish Detergent

- Fast acting, grease cutting, detergent concentrate
- Designed for manual cleaning of dishes, silverware, glassware, serving utensils and pots and pans
- Features high, long lasting suds that leave everything sparkling clean
- Rinses free without streaking, clouding or residue
- Formulated for use on heavy soil and grease

1432C38-6 38 oz Bottles, 6 per case

Solid Pink Pot & Pan Detergent

- Instant action suds
- Dissolves dried-on, cooked-on soils fast
- Rinses thoroughly for spotless drain drying
- Non-corrosive
- Super economy at use levels

414CP6-2 6 lb Jars, 2 per case

New Day Ultra Concentrated Pot and Pan Detergent

- Grease and food residues are pulled from plates, pots and silverware by powerhouse suds, leaving dishware and utensils gleaming without a film to dull the shine
- Emollients help retain skin moisture and smooth hands

593CG1-4 1 gal Liquid, 4 per case

Grease Off Griddle & Oven Cleaner

- Quickly removes carbonized grease, fat, protein and carbohydrate deposits from ovens and griddles
- Contains special water softeners and detergents which make it effective in hard water

712CGH1-4 1 gal Liquid, 4 per case

Pex Oven & Grill Cleaner

- Safely cleans ovens, waffle irons and griddles
- Removes grime and grease

717CH1Q6 1 qt Liquid, 6 per case

DALEY International

Fry Kleen Deep Fat Fryer Cleaner

- Carbonized grease and oils are instantly dissolved and held in suspension
- Cooked on food deposits are softened so they can be whisked away
- Effective in ultra hard water

485CPH4-4 4 lb Carton, 4 per case

EZ Lube Food Grade White Grease

- A multi-purpose, high purity food grade lubricant that provides long lasting grease protection
- Lubricates, reducing friction and wear

577000001-16AR 16 oz Aerosol Cans, 12 per case
L10800001-145G 14.5 oz Tubes, 10 per case

Slide Out Food Grade Dry Silicone Spray

- Designed to lubricate equipment used in the packaging and processing industry
- Leaves a non-staining, dry, pure silicone film to lubricate moving parts, reducing friction and wear
- Heat stable from -450° to 450°F

538000001-20AR 20 oz Aerosol Cans, 12 per case

QuestSpecialty Corporation

Brite Shine™ Stainless Steel Cleaner & Polish

- A unique cleaning and polishing formulation of food grade quality ingredients
- Quickly cleans, restores and prolongs luster of metal surfaces
- Resists finger marking and smudges
- Use on stainless steel, aluminum, copper and brass

141211001-16AR 16 oz Aerosol Cans, 12 per case

Foam Plus™ Oven & Grill Cleaner

- Aerosol cleaner removes carbon grease from ovens, grills and rotisseries
- Phosphate free, non-flammable
- No chlorinated solvents
- Leaves no toxic fumes or odors
- Safe for use on: stainless steel, porcelain, mild steel, ceramic, glass and bricks

206190001-20AR 20 oz Aerosol Cans, 6 per case

Fryer Puck™ Fryer Boil-Out Tablets

- Extend shortening life, reduce energy costs
- Enhance food quality and food taste
- Low foaming concentrated fryer boil-out tablets
- Specially formulated tablets to clean: Gas Fryers, Electric Fryers, French Fryers, Tortilla Chip Fryers, Deep Fryers, Pressure Cookers, Countertop Fryers. Donut Fryers, Fish Fryers

401304001-30PK 4 oz Tablets, 30 Tablets (6 boxes of 5 each)

Purity Food Grade Lubricant & Protectant

- 100% biodegradable and odorless liquid for use on food preparation appliances and machinery
- Petroleum white mineral oil
- Also, an excellent metal surface cleaner and polish

622000001-16OZ Pint Bottle, 12 per case

Purity Food Grade Lubricant & Protectant

- Made of USP liquid petrolatum and propellant
- Provides a sanitary means of lubricating dairy and food processing equipment
- Non-toxic
- Odorless and tasteless
- Contains no silicone

540000001-20AR 20 oz Aerosol Cans, 12 per case

Predator Food Contact Surface Sanitizer

- Kills 99.9% of bacteria on non-porous surfaces in 1 minute
- Meets EPA requirements for previously cleaned food-contact surfaces
- No rinsing required when used as a sanitizer

85-1152	Light Duty Spray; Lubricant, 9 oz Can

What is a Food-Grade Lubricant?

- Food-grade lubricants must perform the same technical functions as any other lubricant: provide protection against wear, friction, corrosion and oxidation, dissipate heat and transfer power, be compatible with rubber and other sealing materials, and in some cases provide a sealing effect.
- Different applications within the foodservice industry demand that lubricants resist degradation from food products, chemicals and water/steam. They must exhibit a neutral behavior toward plastics and elastomers, and have the ability to dissolve sugars.
- These oils must also comply with food/health and safety regulations, as well as be physiologically inert, tasteless, odorless and internationally approved.
- Consumers can be assured that the lubricant manufacturers and food and drug industries are maintaining strict standards with regard to our health and safety.

Infant Seating

Having appropriate seating for children visiting your establishment is very important. Whether it's highchairs, youth chairs or booster seats, the right chair will please both parent and child.

Proper youth seating also benefits your wait staff by allowing them to service a table more effectively.

Making the Best Brew?

- Make sure that your equipment — from bean grinders and filters to coffee makers— is thoroughly cleaned after each use
- Rinse with clear, hot water (or wipe down thoroughly), and dry with an absorbent towel
- It's important to check that no grounds have been left to collect and that there's no build-up of coffee oil which can make future cups of coffee taste bitter and rancid

To learn more visit: ncausa.org

BLOOMFIELD

Looking for a tall glass of refreshing trends? According to the National Restaurant Association's (NRA) website, a majority of chefs surveyed said consumers would like to have more choices of made-from-scratch, specialty and culinary-inspired beverages. They suggest brewing specialty flavors, such as Thai-style and Southern/Sweet Tea.

Thirsty for another hot trend? Use tea as a no-sodium alternative to meat or vegetable stock. According to Heather Dean of Numi Tea, some chefs are substituting the unhealthy salty stocks with savory, decaffeinated green tea and using it to poach fish, sauté vegetables or steam rice and quinoa.

Automatic Iced Tea Brewer

- Brews perfect tea directly into a 3 or 5 gallon dispenser
- Stainless steel construction
- 3 and 5 gallon capacity for loose leaf or pillow pack brewing
- Ready to brew light
- Hi-temp brew chamber with integrated grid allows viewing of brew process
- Tank heater on/off switch provides easy start-up

Select Wax® Solid Wax Candles

Hollowick's Select Wax® solid wax candles offer the finest quality and reliability in foodservice. Using a special wax blend designed to withstand foodservice storage and service conditions.

Choose from a wide variety: everything from tealights and votives, to pillars and even birthday candles. More items available please contact your salesperson for details.

Disposable Liquid Fuel Cells

Using Hollowick disposable fuel cells is the most convenient way to operate your lamps and is preferred by most users today. These fuel cells eliminate the wax mess and thermal shock glass breakage problems of solid wax candles. No maintenance or adjustments necessary. These fuel cells are safe to use, odorless, non-staining, and have true burn times. More items available please contact your salesperson for details.

MAKE YOUR FLATWARE LAST

- Never allow flatware to remain soiled overnight
- Always presoak flatware immediately after use - wash flatware immediately after presoak and dry after rinsing
- Always change presoak solution frequently
- Never presoak flatware for longer than 15 minutes
- Always dissolve liquid and powder presoak compounds completely before adding flatware
- Always wash flatware in a vertical position in temperatures above 135°F - rinse in clean water at 180°F
- Always use only plastic or stainless steel containers for presoaking flatware
- Always use a nonabrasive, noncorrosive cleaning agent and a water softener or wetting agent
