Dispensers method

- The best solution for environmental care and conservation
- We avoid a large number of plastic bottles, replaced by a single container of 500 ml and which is equivalent to the use of 18 plastic bottles of 30 ml

- 210 applications per bottle.
- Direct printing on the container
- Practical and easy filling system

A range of possibilities and combinations

- Shampoo
- Conditioner
- Hand Lotion
- Antibacterial gel
- Body soap
- Hand soap
- Shampoo conditioner
- Foam bath

construction

Made from 100% recyclable and
environmentally friendly materials

Most economical content: 500 ml

2LT ecological refill

With two great benefits

- A friendly action with our planet: for each 2-liter refill we relieve the world of the great inconvenience of 72 bottles of undesirable plastic.
- Economy on a very good scale: the cost of packaging is only 26% of what 72 plastic jars cost!

- Shampoo
- Conditioner
- Body cream
- Antibacterial gel
- Shower gel
- Shampoo conditioner
- Body Soap

Ecological recharge 2 liter
