ABOUT

Steele Canvas Basket An American Manufacturer Since 1921

Staunch. Dependable. Durable. Those words were our mission statement back in our first catalog and hold true today. For over 100 years, Steele has remained the most trusted name in the manufacturing of material handling trucks, hampers, baskets & bags. Known for our craftsmanship and high-quality products that never seem to wear down, we also boast a knowledgeable customer support staff capable of answering your every question as well as a production crew who take pride in the goods that ship daily from our docks. Steele takes care of customers from start to finish, and that care is reflected in all of our products.

Our products come in multiple variants. Use the product key below to find the correct SKU for your order. For assistance, please contact Sales@SteeleCanvas.com

Spot-welded steel grid bottom and U-Rod Frame

Non-marking, ball-bearing casters

Handles wrapped and riveted around the steel rim

Available in multiple colors and sizes

Permanent Style Bulk Trucks

The Industry's Strongest Cart

By far our most popular and versatile product, every Permanent Style Bulk Truck (PSBT) is built with a 3/8" recycled steel u-rod frame and a spot-welded galvanized flat steel grid bottom for superior strength. Each truck rolls smoothly on polyurethane, non-marking, precision ball-bearing casters, which are level mounted to support over 1,000 lbs.

Material handles on both ends are riveted around the steel rim for maximum strength, making this cart ideal for construction & demolition sites, retail warehouses, maintenance services and any other operation requiring a cart you need to depend on.

Available with either a heavy-duty 24 oz. #4 duck natural canvas or a tear & water resistant antimicrobial 18.5 oz vinyl body.
